DETAILED ACTION

1. Claims 16-22 are allowed.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 is indefinite because line 6 recites "throttle valve" without any correlation/distinction to the "throttle valve" already recited in line 3. Claim 6 is indefinite because in lines 5 and 10, there is no direct antecedent basis for the recitation of "the throttle". Claim 13 is indefinite because in line 7, there is no direct antecedent basis for the recitation of "the lambda". Claims 2-5,7-12,14 and 15 are indefinite because they depend from the above indefinite claims.
4. Claims 1-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The references listed on both the PTO-1449 and on the PTO-892 show art of interest only, over which the claims define allowable subject matter.
6. Applicants' response to this Office action should also include the following editorial changes: on Fig. 1, there is no number "10" thereon, as described in para. [06], line 1, so either delete the number from the specification or add it to the drawing; and in claim 13, line 13, "lamda" should be "lambda".
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H. Spitzer whose telephone number is (571)
